School regulation on use of mobile phones

- Phones to be switched off and kept in their individual locker prior to first lesson
- May be retrieved and used only after the last period/lesson of the day or when going home
- Students must take responsibility for the safety of their phones.

Three areas we can work together on to foster School-Home Partnership

1 Respectful Communication

2 Role Models

3 Real Connections

Respectful Communication

Foster kind words and actions between schools and educators

Listen to and understand each other's perspectives and concerns regarding each child

Communicate kindly using official channels. Teachers are not required to share their personal mobile numbers

Respect each other's time by communicating during working hours

Role Models

Show our children the skills and values they need for life

Find joy in everyday experiences with our children

Instill confidence by encouraging responsibility and believing in our children's abilities

Model good values in words and actions

Real Connections

Cultivate strong relationships and healthy habits in this digital age

Establish good habits for our children
to stay confident and in control of
their technology use

Provide a balanced mix
of engaging online and
offline activities, at
school and at home

Build strong bonds through shared
experiences and meaningful conversations

Engagement Charter

- The partnership between schools and parents is an essential one.
- By promoting mutual courtesy and respect in our interactions with each other, we can be good role models for our children and build authentic partnerships that will better benefit our children.
